## FAQs

**How long does it take?** Wedding day services take on average half an hour per service per person. For example, a bridesmaid getting both her hair and makeup done will take about an hour. I like to allow longer for the bride, since she's the princess of the day – about an hour and a half. If you have a large party, I'll generally bring along an assistant to shorten the time and keep things running smoothly.

**What kind of products do you use?** I use an amazing local line called Beth Ann. The products are animal and skin-friendly and contain mineral-based hypoallergenic ingredients. I had a full kit of professional products before I discovered Beth Ann and loved the line so much that I replaced my entire kit with her products.

**Do you do airbrushing?** I'm a painter, so I prefer to do everything by hand. Airbrush makeup tends to sit on top of the skin whereas my techniques cause the products to become *a part of* your skin, looking much more natural.

## Policies

Booking requires a non-refundable deposit of \$100, and the remaining balance is due two weeks before the wedding.

Pricing is subject to change until deposit is received.

Distances outside of my service area require an additional fee of \$45.00 per hour of driving time.

I accept cash and checks, which should be made out to Tiffany Stone. Payment by PayPal is also accepted with the addition of a 3% transaction fee.

Hair styling prices do not include altering hair's natural state. If you have very curly hair and want us to straighten it, THEN curl and style it there is an EXTRA CHARGE for that. Please inquire for details.

MMM will make out a schedule for wedding day services. Please note that this schedule is contingent on having someone in the makeup/hair chairs at all times. If there is lag time in between attendants or attendants run late, this makes it very difficult to stay on schedule.

## How to Prepare for Your Session

Please arrive with your face washed and moisturized, and if we'll be doing hairstyling, please have your hair washed and **completely dried**. It's also a great idea to exfoliate your skin to create a smooth canvas on which we can work.

For a bridal consultation, have available if possible (or email to me ahead of time):  
a picture of the makeup look and hairstyle.  
a picture of your dress/hairstyle/bridesmaids dresses to give me an idea of the look of the day.  
a picture of yourself in which you love the way you look.  
any products which you would like for me to use on the wedding day.
